

Skill Development Training & Empowerment in Old Age

Agewell Foundation initiated Skill Development Training and Empowerment Program for older people to make older persons gainfully engaged and self-reliant in old age.

Under this program a special **HANDICRAFTS UNIT** has been set up wherein needy older persons are identified and selected by Agewell Volunteers. The unit has already started manufacturing variety of handicrafts. For product marketing many Agewell volunteers have extended their helping hand and now our products are available on order.
